## FEATURES AND BENEFITS

### FABRIC

- 1 Body: Nike Pro Warm fabric provides a sweat-wicking base layer of support to help you feel locked-in and warm in cool conditions. This fabric has spandex which adds stretch for mobility.
- 2 Underarm: Thermal mesh fabric increases ventilation.

### DESIGN

- 3 Modified raglan sleeves provide full range of motion.
- 4 Flat seams to help minimize irritation due to chafing.
- 5 190-Gram jacquard fabric creates a textured feel.
- 6 Compression design for a locked-down fit.
- 7 Mock neckline provides extra warmth and coverage.
